Abir Boukhris

PROFILE

Third-year engineering student at ESPRIM, passionate about full-stack web development. I am seeking a summer internship in the information technology sector to apply my skills and contribute actively.

Education

- **Engineering Cycle (1st & 2nd Year)**
From September 2023 to May 2025 [ESPRIM](#) Al Munastir, MS, Tunisia
- **Co-Constructed National Bachelor's Degree in Software Engineering and Computer System**
From September 2020 to May 2023 [EPI DIGITAL SCHOOL](#) Sousse, SS, Tunisia

Work experience

- **Summer Internship(Full-Stack JS)**
Since June 2025 [Bee coders](#) Ariana Governorate, Tunisia
Development of a web platform that connects freelance developers with clients, making it easier to find projects and collaborate effectively.
https://github.com/AbirBoukhriss/backend_fevrier
<https://github.com/AbirBoukhriss/fronttttReactFev>
- **Summer Internship(Data Analysis & Visualization)**
From June 2024 to September 2024 [DNEXT Intelligence SA](#) Sousse, SS, Tunisia
 - Worked on correlation between NDVI/EVI satellite data and crop yield.
 - Cleaned, analyzed, and visualized agricultural datasets.
 - Identified trends and missing data, built visual dashboards.
 - Technologies: Python, Google Colab, Machine Learning, Pandas.
- **End-of-Studies Internship(Full-Stack Web Developer)**
From February 2023 to June 2023 [LEANIOS](#) Sousse, SS, Tunisia
 - Developed a complete e-commerce platform with user-friendly shopping cart and admin dashboard.
 - Integrated FROGED into the LEANIOS app for improved customer support.
 - Followed Agile methodologies and collaborated using Git.
 - Technologies: Ruby on Rails, Tailwind CSS, SQLite, REST API, RSpec, Git.

ACADEMIC PROJECTS

FreeManage – Freelance Services Management Platform(Angular • Spring Boot • Flutter • MySQL)

Developed a full-stack platform to help freelancers manage projects, clients, and payments. Includes task tracking, secure transactions, and real-time communication via web and mobile apps.

<https://github.com/jihedna/WorkHub>.

PHOSPITAL – Hospital Bed Availability Platform

Developed a website that integrates and displays all available hospital beds across Tunis. Designed for both patient access and admin-side management.
